

# Holder for suction cup with connection ESH-HA-1-PK

Part number: 189194

FESTO

 [General operating condition](#)

## Data sheet

| Feature                           | Value                                           |
|-----------------------------------|-------------------------------------------------|
| Nominal size                      | 2.5 mm                                          |
| Volume                            | 0.09 cm <sup>3</sup>                            |
| Mounting position                 | Any                                             |
| Design                            | Vacuum port on top                              |
| Correlation to suction-cup holder | Size 1                                          |
| Operating medium                  | Atmospheric air based on ISO 8573-1:2010 [7::-] |
| Corrosion resistance class CRC    | 1 - Low corrosion stress                        |
| LABS (PWIS) conformity            | VDMA24364-A1-L                                  |
| Ambient temperature               | -10 °C ... 60 °C                                |
| Product weight                    | 3 g                                             |
| Type of mounting                  | Via lock nut                                    |
| Suction cup mounting              | Diameter 3 mm                                   |
| Vacuum connection                 | PK-3                                            |
| Note on materials                 | RoHS compliant                                  |
| Material seals                    | NBR<br>Steel                                    |
| Material retaining bracket        | Tempered steel<br>High-alloy steel              |
