

Manifold block MHP2-PR10-5

Part number: 525126

FESTO

 [General operating condition](#)

Data sheet

| Feature | Value |
|--------------------------------|-----------------------------------|
| Max. number of valve positions | 10 |
| Corrosion resistance class CRC | 2 - Moderate corrosion stress |
| LABS (PWIS) conformity | VDMA24364-B1/B2-L |
| Product weight | 597 g |
| Mounting method for sub-base | With through-hole via DIN rail |
| Mounting method for valve | With female thread |
| Pneumatic connection, port 1 | M7 |
| Pneumatic connection, port 3 | M7 |
| Pneumatic connection, port 5 | M7 |
| Material sub-base | Wrought aluminium alloy |
